### Background

In 2007, the ACT Government received a report to consider future uses for several community sites. Based on this report by Purdon and Associates, a preferred strategy for each site was developed.

At Mt Neighbour, the Government has made a decision to:

- keep the operating preschool
- build a community park
- develop the remaining land for aged care accommodation with an integrated neighbourhood hall.

GHD has been engaged to consult with the community. GHD is interested to hear all suggestions from the community on the type and form of aged care accommodation to be provided on this site.

The full report and summary of the Government's decisions are available on the website [www.bangthetable.com/communitysites](http://www.bangthetable.com/communitysites)

### **Have your say**

If you can't make the community forum, you can still have your say.
